June 21, 2022

To the Honorable Mayor, Members of the Village Board, and Citizens of the Village of Hawthorn Woods, Illinois:

The annual report for the Village of Hawthorn Woods, Illinois, for the year ended December 31, 2021 is hereby submitted. The submittal of this report meets the State of Illinois requirement for all general-purpose local governments to publish, within six months of the closing of the fiscal year, a complete set of audited financial statements presented in conformity with generally accepted auditing standards.

Responsibility for the accuracy of the data in this report and completeness of its presentation lies solely with the Village of Hawthorn Woods' management. The Village has established internal controls that are designed to protect the municipality's assets from loss, theft and misuse and to compile total and reliable information. As the cost of internal control should not exceed its benefits, the controls in place have been designed to provide reasonable, rather than absolute assurance, that the financial statements presented are free from material misstatements. To the best of our knowledge, this financial report is accurate and complete in all material aspects and fairly reflects the Village's financial position and changes in financial position of the various funds of the Village and the Village as a whole.

We are pleased to report that independent audit firm Sikich LLP has issued an unmodified opinion on the Village of Hawthorn Woods' financial statements for the year ended December 31, 2021. The independent auditor's report is located at the front of the financial section of this report.

Included with the financial statements is a narrative overview and analysis of the financial statements in the form of *Management Discussion and Analysis (MD&A)*. The MD&A complements this transmittal letter and should be read in conjunction with it. The financial statements include a view at the government-wide level, the fund level, and are supplemented by notes to the financial statements.

Profile of the Government

The Village of Hawthorn Woods was incorporated on March 10, 1958 with a population of 141, which has since grown to 9,062, as a result of the census conducted in 2020. The Village covers an area of 7½ square miles and is located in Lake County, Illinois, approximately 30 miles northwest of Chicago. Hawthorn Woods is an upscale, predominantly residential community that prides itself on the high quality of living it affords its residents. Hawthorn Woods has consistently ranked among the top Chicago area communities in per capita income and median home value. A relatively substantial amount of the 7½ square miles within the Village's boundaries is still undeveloped. The Village is actively pursuing means to spur development, guided by the Comprehensive Plan. The Village is also in land development discussions that could increase residential housing units.

The Village is governed by a Board consisting of a mayor and six trustees, all of whom are elected at-large on a non-partisan basis. Policy-making and legislative authority are vested in the Village Board. The Board is responsible for, but not limited to, passing ordinances, adopting the budget, appointing committees, and hiring both the Chief Operating Officer and Village Attorney. The Mayor is elected to serve a four-year term and the trustees serve four-year staggered terms, with three Board members elected every other year. The elected officials collectively work as a unified Board, volunteer their time and resources to advance good government, and remain supportive of the professionals who run daily departmental operations of the Village government.

The Chief Operating Officer is responsible for administering Board policy and conducting the day-to-day operations of the Village, which include a wide range of services and departments. Those services include administrative, financial, police protection, public works, planning and zoning, economic development, parks and recreation, code enforcement, and cultural/community events. The Chief Operating Officer serves as the Chief of Staff for the Village. The Chief Operating Officer is also charged with review of the annual budget as prepared by the Chief Financial Officer.

The Village adopts a budget annually in November, but by ordinance no later than December 31st of each year. The zero-based budget serves as the foundation for the Village's financial planning and control followed by a second round of priority assessments ranking. The budget is prepared by each departmental Director and submitted to the Chief Operating Officer for review. It is reflected at a fund, function and activity level. After administrative review and adjustments so that the total budget is balanced, the budget is presented to the Finance Committee and the Village Board for final review. The Village Board holds public hearings and may add to, subtract from, or change budgeted amounts.

Local Economy and Finances

After nearly three years operating in an unprecedented of the global pandemic/endemic, the Village of Hawthorn Woods has been met with both challenges and rewards. Although we experienced certain economic declines in certain departmental revenues, the Village continues to grow with a new population of 9,062 residents. In 2021, we re-opened our Aquatic Center with Illinois Department of Health (IDPH) guidelines in place and bypassing our budgeted season pass revenues. The Village adjusted spending based on phased gathering allowances as mandated by the Governor's orders for sports, programs, and events and due to this effort, the Village realized a slight increase in our Parks & Recreation revenues. The Police Department has increased revenues for 2021, compared to 2020, but the revenues are continuing to grow toward pre-pandemic amounts. The Village was pleased to receive its first tranche payment of \$589,046 from the American Rescue Plan Act (ARPA), which assisted the Village in financial recovery from revenue losses, salaries and overtime, and financial shortfalls. We expect to receive the second tranche payment in late summer of 2022.

The Village's main development revenue stream is based on the choice location of its land in the Chicagoland area and the premier value of its residential property tax base. 2020-21 were unprecedented years due to the global pandemic, but one positive financial impact can be highlighted. With many residents working from home and schools in remote learning modes, there was a significant increase in home building permits to accommodate the increased need for home additions and remodeling. The Village continues to have a strong new housing market, having issued 59 new home permits in 2021, 90 new home permits in 2020, 57 new home permits in 2019, 84 new home permits in 2018, 65 new home permits in 2017, 78 new home permits in 2016, and 74 new home permits in 2015.

Due to an intergovernmental tax sharing agreement with the Villages of Lake Zurich and Kildeer, the Village of Hawthorn Woods is receiving shared sales tax revenue generated at Quentin Road and Route 22 from Mariano's (including the Mariano's gas station) and McDonalds. The Village remains vigilant in aggressively monitoring operating and capital expenditures to sustain its financial stability and will reduce expenditures approved in the Budget if revenues take a downward turn. The Village continues to work toward diversifying its sales tax base.

Long-term Financial Planning

The budget for the twelve months ended December 31, 2022 is balanced. The focus for managing the 2021 budget will involve critically examining each line item searching for opportunities for cost savings and improved efficiencies and increasing revenues through non-property tax initiatives. The Village Board's directive for the past ten years indicated a strong Village commitment to annually increase our fund balances as a priority for long term financial health. The Village is pleased to report that as of December 31, 2021, the fund balance in the general fund is \$2,799,663, which is equal to 62.7% of the 2022 expenditure budget. This balance exceeds the Village's goal of 35% of the following year's annual operating budget.

Over the past five years, two engineering studies have been completed by the Village's consulting engineer. These studies revealed that 90% of Village roadways urgently need either resurfacing or reconstruction. Additionally, corrugated metal pipes under roadways and the Village's aged storm system are failing village-wide.

In order to address our aging road infrastructure, the Village is proposing a referendum question on the June 28, 2022 ballot seeking a sustainable funding source to increase the tax rate levy. If voter approved, the new revenue would fund an annual Village-wide streets and drainage improvement project to repair and replace aging infrastructure and underground culverts. This fund would also be used to provide ongoing road maintenance on municipal streets, creating the first municipal sustainability program for infrastructure.

Relevant Financial Policies

The Village has several policies in place to clearly set financial parameters and guidelines. Among these include a capitalization policy, investment policy, diversification of assets and purchase order policy. All expenditures go through a multi-tier review with efforts to secure reduced pricing on all purchase orders. Additionally, all approved checks are still hand signed by the Chief Operating Officer and the Chief Administrative Officer facilitating a three-tier review process. All Village transactions are reviewed monthly by the Finance committee, comprised of community professionals, as well as the Mayor and Board of Trustees before fund payments are formally approved for release.

Major Initiatives

The Village is pro-actively working to expand sustainable non-property tax revenue streams and diversify our revenue base. Additionally, land parcel annexations are still anticipated in the future for Village growth expansion opportunities.

Discussions regarding utility expansion services and capacity standards for water and sewer service are underway regarding additional capacity for sewer treatment. In order to comply with a growing demand for potable water, Aqua Illinois completed construction of the Village's first elevated water tower in 2018 that now serves the needs of a growing population and exceeds emergency water supply standards. This 1.8 million-dollar investment into Hawthorn Woods has eliminated concern regarding meeting the water supply and storage requirements of our growing community.

Hawthorn Woods continues to be a leader in the Lake County area in new housing construction starts as a result of our recent home building success. The Village of Hawthorn Woods is actively diversifying our housing stock to attract and retain a vibrant and diverse population.

Active building construction projects currently underway in Hawthorn Woods are numerous.

1. The Village just recently annexed a new 40-acre parcel of land that will be mixed use development, including the construction of an event venue that will serve as a wedding and special events facility with catering service. This will become a destination for additional customers and business opportunities to co-locate on the site.
2. The Village will initiate, in the summer of 2022, a new 1% food and beverage tax that will help to offset infrastructure maintenance and municipal services from those visitors and residents frequenting the restaurants located in Hawthorn Woods. This is a pass-through tax directed to the consumer.
3. William Ryan Homes is constructing a development of 60 new homes known as the **Stonebridge** development located off of Old McHenry Road. 7 lots remain to be built/sold with single family homes out of an approved 60 homes.
4. At the southern border of the Village at Route 22 and Quentin Road, Icon Homes has escalated construction on a new urban design single family home product in the **Hawthorn Trails Phase 3** subdivision called Hawthorn Place. 12 homes are still remaining to be built out of 35 homes approved.
5. Construction of a retail/commercial 5-acre parcel at the corner of Quentin Road and Route 22 is now complete and the business is operational. The Kiddie Academy child care center is currently open for business and has quickly become engaged in the Hawthorn Woods community.
6. Construction completion is underway for a new housing development known as the **Villas at the Commons** by K. Hovanian Homes on Midlothian Road. 72 new single-family home lots will be built as a part of this new subdivision. Home construction is currently underway, with expected buildout at the end of 2022 as all lots are currently sold out.

7. **High Point Estates** was also approved in 2018 as a neighborhood of duplexes in the northern part of Hawthorn Woods. Construction has been completed by MI Homes.
8. One of our largest developments, **Hawthorn Hills**, has all residential lots sold out of 220 approved single-family homes. Pulte Homes is the developer and we anticipate this subdivision selling its last 5-acre commercial parcel at the corner of Midlothian and Gilmer roads and seeking subdivision improvement acceptance this year.
9. New this year is an anticipated completion of the Hawthorn Woods Country Club infill development of the remaining 99 single-family home lots in the subdivision, MI Homes is in process of completing the entitlement process and the purchase of the first set of lots is expected mid-2022.

Awards and Acknowledgements

In 2018 and for every subsequent year, the Village of Hawthorn Woods has been awarded the title of National Champion Community by the America in Bloom Foundation. In 2020, Hawthorn Woods won this National Championship in Environmental Efforts, as well. Hawthorn Woods competed with cities and towns throughout the nation and was judged on several criteria that make a community sustainable and an attractive place to live. Hawthorn Woods also received recognition as the 1st place winner of several national categories. Our work to showcase our natural resources and our initiatives underway to conserve and restore our ecosystems were highlighted, along with our Urban Forestry Program.

Also, in 2020, the Village received the high honor of receiving the Audubon International Green Planning Award and Sustainable Community Award. The Village continues its three-year plan to become the first community in the State of Illinois to achieve the Audubon Community Award, which recognizes excellence in planning efforts with sustainable principles. The Village will receive this certification in June 2022.

New in 2020 was the Governor's Hometown Award, with Hawthorn Woods selected as the winner in the Environmental Stewardship category. The Village competed and won this distinctive honor by Governor Pritzker of Illinois as selected from the Serve Illinois Commission.

The Village received several additional acknowledgements in 2019 and 2020-21, including among the Safest Cities in the State of Illinois, the Most Desirable Place to Live in the United States in our population category, and in the top five wealthiest cities in Illinois.

The Village has also been awarded the International Dark Sky Community designation and the National Audubon Community Planning designation to showcase our environmental leadership on a national platform. These acknowledgements from independent sources recognize the efforts of the Village Board and staff to keep Hawthorn Woods a highly desirable place to live, work, play, and shop in a natural setting among trees, lakes and parks.

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village of Hawthorn Woods for its annual comprehensive financial report for the year ended December 31, 2020. This was the sixteenth (16th) consecutive year the Village received this prestigious award. In order to be awarded a Certificate of Achievement, the Village must publish an easily readable and efficiently organized annual comprehensive financial report, whose contents conform to program standards. Such report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and it will be submitted to the GFOA to determine its eligibility for another certificate.

We express our appreciation to Mayor Dominick DiMaggio, the Village Board of Trustees, and the Finance Committee for their support in planning and conducting the financial operations of the Village of Hawthorn Woods in a responsible and innovative manner. We are pleased to present to you the Annual Comprehensive Financial Report as we continue to pursue our goal of increasing cash reserves, controlling expenditures, and operating municipal services with excellence within a balanced budget while recovering from the financial impact of a global pandemic.

Respectfully Submitted,

Pamela O. Newton, MSOL
Chief Operating Officer

Katreina S. York
Chief Financial Officer

INDEPENDENT AUDITOR'S REPORT

The Honorable Village Mayor
Members of the Board of Trustees
Village of Hawthorn Woods, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Hawthorn Woods, Hawthorn Woods, Illinois (the Village), as of and for the year ended December 31, 2021, and the related notes to financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Village of Hawthorn Woods, Illinois as of December 31, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under these standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Village and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village's basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**GENERAL PURPOSE EXTERNAL
FINANCIAL STATEMENTS**

VILLAGE OF HAWTHORN WOODS, ILLINOIS

Management's Discussion and Analysis December 31, 2021

Our discussion and analysis of the Village of Hawthorn Wood's financial performance provides an overview of the Village's financial activities for the year ended December 31, 2021. Please read it in conjunction with the transmittal letter, which begins on page iv and the Village's financial statements, which begin on page 4.

FINANCIAL HIGHLIGHTS

- The Village's total net position was \$14,311,719 as of December 31, 2021. Unrestricted net position (net position used to meet ongoing operations) totaled \$(413,982). Restricted net position totaled \$1,563,230 and net position invested in capital assets totaled \$13,162,471.
- The Village's net position increased as a result of this year's operations. Net position of business-type activities increased by \$173,990, or 3.5 percent; and net position of the governmental activities increased by \$547,360, or 6.3 percent.
- Capital assets net of depreciation totaled \$14,265,471 as of December 31, 2021, a decrease of \$669,268, due primarily to depreciation expense for the year ended December 31, 2021 exceeding capital asset additions.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 4-7) provide information about the activities of the Village as a whole and present a longer-term view of the Village's finances. Fund financial statements begin on page 8. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Village's operations in more detail than the government-wide statements by providing information about the Village's most significant funds. The remaining statements provide financial information about activities for which the Village acts solely as a trustee or agent for the benefit of those outside of the government.

VILLAGE OF HAWTHORN WOODS, ILLINOIS

Management's Discussion and Analysis December 31, 2021

USING THIS ANNUAL REPORT – Continued

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the Village's finances, in a matter similar to a private-sector business. The government wide financial statements can be found on pages 4-7 of this report.

The Statement of Net Position reports information on all of the Village's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Village is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the Village's property tax base and the condition of the Village's infrastructure, are needed to assess the overall health of the Village.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Village that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Village include general government, building and zoning, public safety, public works, and parks and recreation. The business-type activities of the Village include aquatics and sewer operations.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Village can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Village's near-term financing requirements.

VILLAGE OF HAWTHORN WOODS, ILLINOIS

Management's Discussion and Analysis December 31, 2021

USING THIS ANNUAL REPORT – Continued

Fund Financial Statements – Continued

Governmental Funds – Continued

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The Village maintains eight individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Motor Fuel Tax Fund, Community Development Fund, Parks and Recreation and the Debt Service Fund, all of which are considered major funds. The Village also reports three non-major governmental fund: the Park Donation, Capital Improvements and Sister Cities Funds.

The Village adopts an annual appropriated budget for all of the governmental funds, (except the Debt Service Fund). A budgetary comparison statement for these funds has been provided to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 8-12 of this report.

Proprietary Funds

The Village maintains one proprietary fund type: enterprise. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Village utilizes enterprise funds to account for its aquatics and sewer operations.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Aquatics Fund and the Sewer Fund; both funds considered to be major funds of the Village.

The basic proprietary fund financial statements can be found on pages 13-15 of this report.

VILLAGE OF HAWTHORN WOODS, ILLINOIS

Management's Discussion and Analysis December 31, 2021

USING THIS ANNUAL REPORT – Continued

Fund Financial Statements – Continued

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Village's own programs. The accounting use for fiduciary funds is much like that used for proprietary funds. The Village maintains five fiduciary funds: the Police Pension Fund, Special Service Area #1 Fund, Special Service Area #2 Fund, Special Service Area #3 Fund and Special Service Area #4 Fund. The basic fiduciary fund financial statements can be found on pages 16-17 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 18-52 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Village's I.M.R.F. and police employee pension obligations. Required supplementary information can be found on pages 53-65 of this report. Budgetary comparison schedules for the General Fund, Motor Fuel Tax Fund, Community Development Fund and Parks and Recreation Fund are also presented in the required supplementary information and can be found on pages 53-56. The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information on pensions. Combining and individual fund statements and schedules can be found on pages 66-79 of this report.

VILLAGE OF HAWTHORN WOODS, ILLINOIS

Management's Discussion and Analysis December 31, 2021

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the Village of Hawthorn Woods, assets and deferred outflows of resources totaling \$26,637,834 exceeded liabilities and deferred inflows of resources totaling \$12,326,115, ultimately resulting in ending net position of \$14,311,719.

	Net Position

Total Liabilities & Deferred Inflows	10,926,406	10,267,689	1,399,709	1,802,752	12,326,115	12,070,441
Net Position						
Invested in Capital Assets	9,369,158	9,790,016	3,793,313	3,620,957	13,162,471	13,410,973
Restricted	1,466,320	1,191,110	96,910	360,819	1,563,230	1,551,929
Unrestricted (Deficit)	(1,602,870)	(2,295,878)	1,188,888	923,345	(413,982)	(1,372,533)
Total Net Position	\$ 9,232,608	\$ 8,685,248	\$ 5,079,111	\$ 4,905,121	\$ 14,311,719	\$ 13,590,369

A large portion of the Village's net position, \$13,162,471 or 92.0 percent, reflects its investment in capital assets (for example, land, buildings and improvements, and equipment and vehicles), less any related debt used to acquire those assets that is still outstanding. The Village uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Village's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion, \$1,563,230 or 10.9 percent, of the Village's net position represents resources that are subject to external restrictions on how they may be used. As of December 31, 2021, the Village is reporting unrestricted net position of \$(413,982) or (2.9) percent. Unrestricted net position may be used to meet the government's ongoing obligations to citizens and creditors.

VILLAGE OF HAWTHORN WOODS, ILLINOIS

Management's Discussion and Analysis December 31, 2021

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Net position of the Village's governmental activities increased by 6.3 percent (\$9,232,608 as of December 31, 2021 compared to \$8,685,248, as of December 31, 2020). Consistent with the prior year, there was diligent budget monitoring efforts by management, including delaying expenditures until adequate revenues were received, supplemented by new revenue sources.

Net position of business-type activities increased by 3.5 percent (\$5,079,111 as of December 31, 2021 compared to \$4,905,121 as of December 31, 2020). The aquatics net position decreased by \$97,287 as of December 31, 2021 due primarily to fact that the aquatic center operating revenues of \$283,686 were insufficient to cover the operating expenses of the facility, including depreciation expense of \$170,402 and the interest expense on the revenue bonds of \$91,774. The significant increase in the revenues is due to the opening of the Aquatic Center for the 2021 season. The Village followed Illinois Department of Health (IDPH) guidelines to ensure the safety of our residents and patrons. The sewer fund net position increased by \$271,277 due to the significant increase in connection fees of \$1,122,044 from new home development.

Governmental Activities

Revenues for governmental activities totaled \$7,293,734, while the cost of all governmental functions totaled \$6,490,434. This results in an increase in net position before transfers of \$803,300. For the year ended December 31, 2020, revenues of \$6,980,177 were less than expenses of \$6,984,384, resulting in a decrease in net position before transfers and change in accounting principle of \$4,207. The following table graphically depicts the major revenue sources of the Village. It depicts very clearly the reliance on property taxes, telecommunications/utility taxes and income/use taxes to fund governmental activities.

VILLAGE OF HAWTHORN WOODS, ILLINOIS

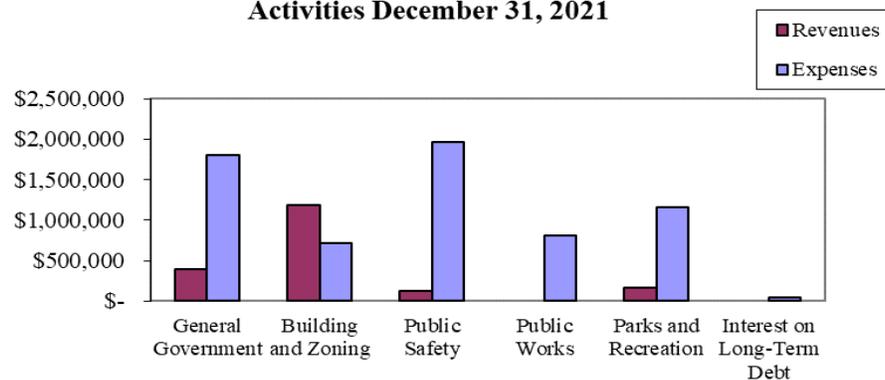

Management's Discussion and Analysis December 31, 2021

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Governmental Activities – Continued

The 'Expenses and Program Revenues – Governmental Activities' Table identifies those governmental functions where program expenses greatly exceed revenues.

Expenses and Program Revenues - Governmental Activities December 31, 2021

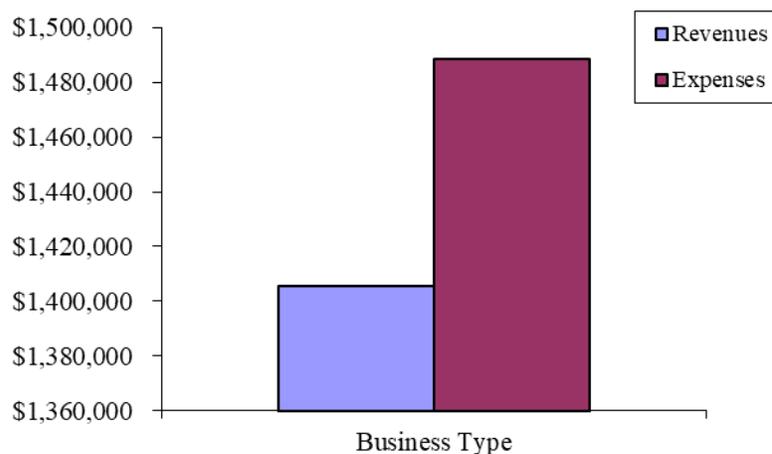

Business-Type Activities

Business-Type activities posted total revenues of \$1,406,773, while the cost of all business-type activities totaled \$1,488,723. This results in a decrease in net position before transfers of \$81,950. The primary reason for this decrease is attributable to the depreciation expense, principal and interest payments and operations of the aquatic center facility and the sewer system. For the year ended December 31, 2020, revenues of \$571,747 were less than expenses of \$1,058,361, resulting in a decrease in net position before transfers of \$486,614.

The following graph compares program revenues to expenses for business-type activities.

Expenses and Program Revenues - Business-Type Activities December 31, 2021

VILLAGE OF HAWTHORN WOODS, ILLINOIS

Management's Discussion and Analysis December 31, 2021

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Village uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the Village's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unrestricted (assigned and unassigned) fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The Village's governmental funds reported combining ending fund balances of \$4,607,400, which is \$155,078 or 3.3 percent, lower than last year's total of \$4,762,478. Of the \$4,607,400 total, \$168,329, or 3.5 percent, of the fund balance constitutes nonspendable fund balance; \$2,246,320 or 47.2 percent of the fund balance is restricted for highways and streets, debt service, and special recreation; \$2,150,037, or 45.1 percent of the fund balance is assigned for cash reserves, capital improvements and the sister cities program; and \$42,714 or 0.9 percent is unassigned.

The General Fund reported an increase in fund balance for the year ended December 31, 2021 of \$314,737, an increase of 12.7 percent. As of December 31, 2021, the Village achieved its fund balance goal of an ending fund balance at least 35% of the following year's expenditure budget; \$1,562,875 of the ending fund balance in the General Fund is assigned for cash reserves. . The increase in the fund balance is primarily due to the intergovernmental revenues which were \$362,768 higher than budgeted.

The Motor Fuel Tax special revenue fund is used to account for state motor fuel tax allotment revenue and expenditures related to road repair and construction. These funds are restricted for road repair and construction. The Motor Fuel Tax Fund reported an increase in fund balance in the current year of \$273,467. Ending fund balance at December 31, 2021 was \$777,879. The increase in the Motor Fuel Tax fund balance is primarily due to the allotments received and Rebuild Illinois funds which were \$311,536 higher than budgeted.

The Community Development special revenue fund is used to account for nonrecurring revenue sources such as developer donations, building permits, and contractor licenses. The Community Development Fund reported an increase in fund balance in the current year of \$211,497. License, permits and fees revenues were \$322,479 higher than budgeted. Expenditures were \$16,001 lower than budgeted. Ending fund balance at December 31, 2021 was \$536,487.

VILLAGE OF HAWTHORN WOODS, ILLINOIS

Management's Discussion and Analysis December 31, 2021

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS – Continued

Governmental Funds – Continued

The Parks and Recreation Fund is used to account for all activities related to the Village's parks and recreational activities (with the exception of the Aquatic Center activities, which are reported in a separate enterprise fund). These activities are recorded in four departments: Administration, Programs, Park Maintenance and Special Recreation (which accounts for the special recreation restricted tax levy and related expenditures.) The Parks and Recreation Fund reported a decrease in fund balance in the current year of \$189,232 due primarily to the COVID-19 pandemic and safety concerns related to social gatherings. Ending fund balance at December 31, 2021 was (\$364,687).

The Debt Service Fund is used to account for the \$6,240,000 2014 debt certificates. In November 2014, the Village purchased special service area number 1, 2 and 3 current refunding bonds, (the "Refunded Bonds"). The refunded bonds were purchased with proceeds generated from the issuance of debt certificates (the "Certificates") issued by the Village. The Certificates will be repaid from the repayment of the Refunded Bonds held by the Village. The Refunded Bonds are payable from the respective special service area bond levies, and are not an obligation of the Village. Ending fund balance at December 31, 2021 was \$792,924.

VILLAGE OF HAWTHORN WOODS, ILLINOIS

Management's Discussion and Analysis December 31, 2021

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS – Continued

Proprietary Funds

The Village's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The Village reports the two major proprietary funds: the Aquatics Fund and the Sewer Fund.

The Aquatics Fund accounts for the activities of the water park operations. This fund is comprised of four sub funds, which are used to segregate resources for operations and maintenance, capital improvements, and debt service. The decrease in net position in the Aquatics Fund during the current fiscal year was \$97,287. The primary reason for this decrease is attributable to depreciation expense of \$170,402 and interest expense of \$91,774. Unrestricted net position in the Aquatics Fund totaled (\$571,461) at December 31, 2021.

Sewer Fund accounts for revenue from connection fees and the related expenditures for operations and maintenance of the sanitary sewer system. The increase in net position in the Sewer Fund during the current fiscal year was \$271,277. The primary reason for the increase is due to the new home construction and connections fees that are paid. Unrestricted net position in the Sewer Fund totaled \$1,760,349 at December 31, 2021.

GENERAL FUND BUDGETARY HIGHLIGHTS

General Fund actual revenues for the year totaled \$4,743,313, compared to budgeted revenues of \$4,277,501. One of the primary reasons is due to the increase in state income tax revenues, which were \$340,139 higher than the budget. The positive revenue variances were offset by negative variances in licenses and fees (\$32,863 lower than budgeted), intergovernmental revenue (\$362,768 higher than budgeted), and miscellaneous revenues (\$9,169 higher than budgeted), and taxes (\$132,473 higher than budgeted).

The General Fund actual expenditures for the year were \$61,550 lower than budgeted (\$4,215,406 actual compared to a final budget of \$4,276,956). Some significant differences between the actual expenditures and budgeted expenditures are highlighted below:

- The administration function reported actual expenditures of \$418,470 compared to budget of \$507,899, resulting in a positive variance of \$89,429. This positive variance was primarily due to the analyzed salary allocations in conjunction with our priority-based budgeting.
- The legal function reported actual expenditures of \$280,812 compared to budget of \$225,750, resulting in a negative variance of \$55,062. This variance was primarily due to ongoing litigation.

VILLAGE OF HAWTHORN WOODS, ILLINOIS

Management's Discussion and Analysis December 31, 2021

GENERAL FUND BUDGETARY HIGHLIGHTS – Continued

- The risk management function reported actual expenditures of \$429,887 compared to budgeted expenditures of \$493,809 resulting in a positive variance of \$63,922. This positive variance was primarily premium savings experienced in general liability, workers compensation and unemployment premiums.
- The police function reported actual expenditures of \$2,165,998, compared to budgeted expenditures of \$2,039,530, resulting in a negative variance of \$126,468. This negative variance was primarily due to the reorganization of the police department.
- The public works function reported actual expenditures of \$541,675 compared to budgeted expenditures of \$620,999 resulting in a positive variance of \$79,324. This positive variance was primarily due to the reduction in expenditures within the public works function.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The Village's investment in capital assets for its governmental and business type activities as of December 31, 2021 was \$14,265,471 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings and improvements, and equipment and vehicles.

	Capital Assets - Net of Depreciation

CAPITAL ASSETS AND DEBT ADMINISTRATION – Continued

Capital Assets – Continued

Capital additions were as follows:

Governmental Activities	
Equipment and Vehicles	112,386
Total	<u>112,386</u>

Additional information on the Village's capital assets can be found in note 4 on pages 28-29 of this report.

Debt Administration

At year-end, the Village had total outstanding debt of \$1,883,000 as compared to \$3,075,000 the previous year. During 2021, the Village issued no new debt, and made the scheduled principal and interest payments on the outstanding revenue bonds and debt certificates. The following is a comparative statement of outstanding debt:

	Long-Term Debt Outstanding					
	Governmental Activities		Business-type Activities		Total	
	Year Ended 12/31/2021	Year Ended 12/31/2020	Year Ended 12/31/2021	Year Ended 12/31/2020	Year Ended 12/31/2021	Year Ended 12/31/2020
Revenue Bonds	\$ 780,000	\$ -	\$ 1,103,000	\$ 1,540,000	\$ 1,103,000	\$ 1,540,000
Debt Certificates	780,000	1,535,000	-	-	780,000	1,535,000
Total	<u>\$ 780,000</u>	<u>\$ 1,535,000</u>	<u>\$ 1,103,000</u>	<u>\$ 1,540,000</u>	<u>\$ 1,883,000</u>	<u>\$ 3,075,000</u>

State statutes limit the amount of general obligation debt a non-home rule governmental entity may issue to 8.625 percent of its total assessed valuation. The current debt limit for the Village is \$42,061,511.

On December 8, 2021, the Village issued \$1,103,000 Revenue Refunding Bonds (Aquatic Center Project), Series 2021 to refund \$1,360,000 of the Revenue Bonds (Aquatic Center Project), Series 2011. Through the refunding the Village reduced the maturity of the bonds from 2028 to 2026. The debt service was decreased by \$257,000 by utilizing the remaining balance of the Reserve Subfund that is no longer required as part of the Village ordinance. The entire amount of proceeds were used to currently refund the Revenue Bonds (Aquatic Center Project), Series 2011.

VILLAGE OF HAWTHORN WOODS, ILLINOIS

Management's Discussion and Analysis December 31, 2021

CAPITAL ASSETS AND DEBT ADMINISTRATION – Continued

Debt Administration – Continued

On December 30, 2021, the remaining principal of the Revenue Bonds (Aquatic Center Project), Series 2011 was paid off.

On November 12 2014, the Village purchased special service area number 1, 2 and 3 current refunding bonds, (the “Refunded Bonds”). The refunded bonds were purchased with proceeds generated from the issuance of debt certificates (the “Certificates”) issued by the Village. The Certificates will be repaid from the repayment of the Refunded Bonds held by the Village. The Refunded Bonds are payable from the respective special service area bond levies.

Additional information on the Village’s long-term debt can be found in Note 5 on pages 30 - 33 of this report.

ECONOMIC FACTORS AND NEXT YEAR’S BUDGET AND RATES

The Village’s elected and appointed officials considered many factors when setting the year ended December 31, 2021 and December 31, 2022 budgets, tax rates, and fees that will be charged for its governmental and business-type activities. One of those factors is the economy. Signs of economic recovery such as increased building permits and lower unemployment rates and CPI indices were taken into consideration when setting the budget, rates, and fees for the year ended December 31, 2021 and December 31, 2022.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Village’s finances for all those with an interest in the government’s finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to Pamela O. Newton, Chief Operating Officer, Village of Hawthorn Woods, 2 Lagoon Drive, Hawthorn Woods, Illinois 60047.

RECONCILIATION OF FUND BALANCES OF GOVERNMENTAL FUNDS TO THE
GOVERNMENTAL ACTIVITIES IN THE STATEMENT OF NET POSITION

December 31, 2021

FUND BALANCES OF GOVERNMENTAL FUNDS	\$ 4,607,400
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds	9,369,158
Long-term liabilities (debt certificates) are not due and payable in the current period and, therefore, not reported in the governmental funds	(780,000)
The premium on debt issued is shown as a liability on the statement of net position	(8,958)
The net pension liability for the Illinois Municipal Retirement Fund is shown as a liability on the statement of net position	(835,943)
Differences between expected and actual experiences, assumption changes, net differences between projected and actual earnings and contributions subsequent to the measurement date for the Illinois Municipal Retirement Fund are recognized as deferred outflows of resources and deferred inflows of resources on the statement of net position	
Deferred outflows of resources	398,069
Deferred inflows of resources	(380,572)
The net pension liability for the Police Pension Plan is shown as a liability on the statement of net position	(1,653,652)
Differences between expected and actual experiences, assumption changes, and net differences between projected and actual earnings for the Police Pension Plan are recognized as deferred outflows of resources and deferred inflows of resources on the statement of net position	
Deferred outflows of resources	566,065
Deferred inflows of resources	(1,555,421)
The OPEB liability is shown as a liability on the statement of net position	(467,652)
Compensated absences payable are not due and payable in the current period and, therefore, are not reported in the governmental funds	<u>(25,886)</u>
NET POSITION OF GOVERNMENTAL ACTIVITIES	<u><u>\$ 9,232,608</u></u>

See accompanying notes to financial statements.

**RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES TO THE
GOVERNMENTAL ACTIVITIES IN THE STATEMENT OF ACTIVITIES**

For the Year Ended December 31, 2021

NET CHANGE IN FUND BALANCES - GOVERNMENTAL FUNDS	\$ (155,078)
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlay as expenditures; however, they are capitalized and depreciated in the statement of activities	91,495
Principal paid on debt certificates is an expenditure in the governmental funds but is a decrease in the principal outstanding on the statement of net position	755,000
Some expenses in the statement of activities (e.g., depreciation) do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds	(512,353)
The amortization of premiums on long-term debt is reported as an expense on the statement of activities	8,671
The change in the OPEB liability is shown as an expense on the statement of activities	(3,847)
The change in the Illinois Municipal Retirement Fund net pension liability and deferred outflows/inflows of resources is not a source or use of a financial resource	97,605
The change in the Police Pension Plan net pension liability and deferred outflows/inflows of resources is not a source or use of a financial resource	258,848
The change in compensated absences payable is shown as a increase in expense on the statement of activities	<u>7,019</u>
CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	<u>\$ 547,360</u>

See accompanying notes to financial statements.

VILLAGE OF HAWTHORN WOODS, ILLINOIS

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Village of Hawthorn Woods, Illinois (the Village) have been prepared in accordance with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Village's accounting policies are described below.

a. Reporting Entity

The Village is a municipal corporation governed by a Village Mayor and six trustees using the village board administrator form of government. As required by GAAP, these financial statements present the Village (the primary government). The Police Pension Fund has been included as a fiduciary component unit reported as a Pension Trust Fund. The Police Pension Fund functions for the benefit of the Village's sworn police employees and is governed by a five-member pension board. Two members appointed by the Mayor, the Village Treasurer and two elected police officers constitute the pension board. The Village and the Police Pension Fund participants are obligated to fund all the Police Pension Fund costs based upon actuarial valuations, including administrative costs. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of the contribution levels. Accordingly, the Police Pension Fund is fiscally dependent on the Village. Separate financial statements are not available for the Police Pension Fund.

b. Fund Accounting

The Village uses funds to report on its financial position and the changes in its financial position. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. The minimum number of funds is maintained consistent with legal and managerial requirements.

Funds are classified into the following categories: governmental, proprietary and fiduciary.

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

b. Fund Accounting (Continued)

Governmental funds are used to account for all or most of the Village's general activities, including the collection and disbursement of restricted, committed or assigned monies (special revenue funds), the funds restricted, committed or assigned for the acquisition or construction of general capital assets (capital projects funds) and funds restricted, committed or assigned for the servicing of general long-term debt (debt service funds). The General Fund is used to account for all activities of the general government not accounted for in some other fund.

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful for sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the government (internal service funds). The Village has no internal service funds.

Fiduciary funds are used to account for fiduciary activities (e.g., assets held on behalf of outside parties, including other governments). The Village utilizes a pension trust fund which is generally used to account for assets that the Village holds in a fiduciary capacity. The Village utilizes custodial funds to account for funds received and restricted for debt service on the special service area (noncommitment) debt.

c. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Village. The effect of material interfund activity are classified as internal balances on the statement of net position. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and (2) grants and standard revenues that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Government-Wide and Fund Financial Statements (Continued)

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

The Village reports the following major governmental funds:

The General Fund is the Village's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The Motor Fuel Tax Fund, a special revenue fund, is used to account for state motor fuel tax allotment revenue and expenditures related to road repair and construction.

The Community Development Fund, a special revenue fund, is used to account for nonrecurring revenue sources such as developer donations, building permits and contractor licenses. Reimbursable revenues and expenditures are also recorded in this fund.

The Parks and Recreation Fund, a special revenue fund, is used to account for the revenues received from property taxes (including the special recreation levy), recreation program fees and field lease agreement fees and the related expenditures for recreation programming, special recreation programming and park maintenance.

The Debt Service Fund is used to account for the payment of principal and interest on the 2013 Debt Certificates.

The Village reports the following nonmajor governmental funds:

The Sister Cities Fund, a special revenue fund, is used to account for the revenues received from donations and the related expenditures for the Sister Cities program with the Village of Marineo, Sicily.

The Park Donation Fund, a capital projects fund, is used to account for developer donations to be used for park maintenance or improvements to neighborhood or community parks.

The Capital Improvements Fund, a capital projects fund, is used to account for other financing sources (transfers from other funds) and expenditures for capital improvements.

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Government-Wide and Fund Financial Statements (Continued)

The Village reports the following major proprietary funds:

The Aquatics Fund accounts for the activities of the water park operations. This fund is comprised of four subfunds which are used to segregate resources for operations and maintenance, capital improvements and debt service.

The Sewer Fund is used to account for revenue from connection fees and the related expenditures for the operations and maintenance of the sanitary sewer system.

The Village reports a pension trust fund as a fiduciary fund to account for the Police Pension Fund. Additionally, the Village reports the special service area funds responsible for noncommitment debt repayment as custodial funds.

d. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues and additions are recorded when earned and expenses and deductions are recorded when a liability is incurred. The Village recognizes property taxes when they become both measurable and available in the period the tax is intended to finance. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Village considers revenues to be available if they are collected within 60 days of the end of the current fiscal period, except for sales taxes and telecommunication taxes which use a 90-day period. Expenditures generally are recorded when a fund liability is incurred. However, debt service expenditures are recorded only when payment is due.

Property taxes, sales taxes, court fines, franchise fees, charges for services and interest associated with the current fiscal period are all considered to be susceptible to accrual and are recognized as revenues of the current fiscal period. Local fines, license and permit revenue and miscellaneous revenues are considered to be measurable and available only when cash is received by the Village.

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d. Measurement Focus, Basis of Accounting and Financial Statement Presentation
(Continued)

In applying the susceptible to accrual concept to intergovernmental revenues (i.e., federal and state grants), the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the Village; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are generally revocable only for failure to comply with prescribed eligibility requirements, such as those related to equal employment opportunity. These resources are reflected as revenues at the time of receipt or earlier if they meet the availability criterion.

The Village reports unavailable/deferred and unearned revenue on its financial statements. Unavailable/deferred revenues arise when a potential revenue does not meet both the measurable and available or earned criteria for recognition in the current period. Unearned revenues arise when resources are received by the government before it has a legal claim to them such as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both the revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability or deferred inflow of resources for unearned and unavailable/deferred revenue is removed from the financial statements and revenue is recognized.

e. Cash and Cash Equivalents

Cash and cash equivalents include amounts in demand deposits and investments with a maturity date of three months or less from the date acquired by the Village.

f. Investments

Investments with a maturity of less than one year when purchased, non-negotiable certificates of deposit and other nonparticipating investments are stated at cost or amortized cost. Investments with a maturity greater than one year when purchased and all investments of the pension trust fund are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

g. Prepaid Items/Expenses

Payments made to vendors for services, if any, that will benefit periods beyond the date of this report are recorded as prepaid items/expenses using the consumption method.

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

h. Capital Assets

Capital assets, which include property, plant and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the Village as assets with an initial, individual cost in excess of the following and an estimated useful life in excess of one year.

Asset Class	Capitalization Threshold
Buildings and improvements	\$ 5,000
Equipment and vehicles	5,000

Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs, including street overlays that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Property, plant and equipment is depreciated using the straight-line method over the following estimated useful lives:

	Years
Buildings	45
Sewer infrastructure	35
Improvements	20
Equipment	10
Vehicles - public safety	3
Vehicles - public works	10
Furniture	7
Office equipment	5

i. Compensated Absences

Vested or accumulated vacation leave is reported as an expenditure and a fund liability of the governmental fund that will pay it once retirement or separation has occurred. Vested or accumulated vacation leave of proprietary funds and governmental activities is recorded as an expense and liability of those funds as the benefits accrue to employees.

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

j. Long-Term Obligations

In the government-wide financial statements and proprietary funds in the fund financial statements, long-term debt and other long-term obligations, if any, are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund financial statements. Bond premiums and discounts, if any, are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures/expenses.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

k. Net Position/Fund Balance

In the fund financial statements, governmental funds report nonspendable fund balance for amounts that are either not in spendable form or which are legally or contractually required to be maintained intact. Restrictions of fund balance are reported for amounts constrained by legal restrictions from outside parties for use for a specific purpose, or externally imposed by outside entities. None of the restricted fund balance results from enabling legislation adopted by the Village. Committed fund balance is constrained by formal actions of the Village's Board of Trustees, which is considered the Village's highest level of decision-making authority. Formal actions include ordinances approved by the Board of Trustees. Assigned fund balance represents amounts constrained by the Village's intent to use them for a specific purpose. The authority to assign fund balance has been delegated to the Village's Chief Financial Officer through the approved fund balance policy of the Village. Any residual fund balance of the General Fund and any deficit fund balance in other governmental funds is reported as unassigned.

The Village's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. Additionally, if different levels of unrestricted funds are available for spending the Village considers committed funds to be expended first followed by assigned and then unassigned funds.

The Village has established fund balance policies for their General Fund. The General Fund targets a reserve fund to fund operations for a period of at least four months of General Fund expenditures (not including transfers to fund capital projects). Unassigned fund balance is transferred to these reserves. These reserves are reported as an assigned fund balance.

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

k. Net Position/Fund Balance (Continued)

In the government-wide financial statements, restricted net position is legally restricted by outside parties for a specific purpose. Net investment in capital assets represents the Village's investment in the book value of capital assets, less any outstanding debt that was issued to construct or acquire the capital asset.

l. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future period(s) and so it will not be recognized as an inflow of resources (revenue) until that time. These amounts are deferred and recognized as an inflow of resources in the period these amounts become available.

m. Interfund Transactions

Interfund services are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except interfund services and reimbursements, are reported as transfers.

n. Interfund Receivables/Payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

Advances between funds, if any, as reported in the fund financial statements, are offset by nonspendable fund balance in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

o. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

p. Postponement of Implementation of Certain Authoritative Guidance

In accordance with the provisions of GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, the Village has delayed the implementation of GASB Statement No. 87, *Leases*, to December 31, 2022.

2. DEPOSITS AND INVESTMENTS

The Village and pension funds categorize fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

a. Village

State statutes authorize the Village to make deposits in commercial banks and savings and loan institutions, and to make investments in obligations of the U.S. Treasury and U.S. agencies, investment grade obligations of state, provincial and local governments and public authorities, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, The Illinois Funds and the Illinois Metropolitan Investment Fund. Pension funds may also invest in certain non-U.S. obligations, mortgages, veteran's loans, life insurance company contracts and equity mutual funds.

In addition, the Village's Board of Trustees has adopted an investment policy which provides further guidance on the investment of Village funds. It is the policy of the Village to invest its funds in a manner which will provide a competitive investment return with the maximum security while meeting the daily cash flow demands of the Village and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objectives of the policy, in order of priority are; safety of principal, liquidity and return on investment. Investment in derivatives is not discussed in the Village's investment policy. The Village allows all investments permitted under Illinois Compiled Statutes (ILCS).

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

2. DEPOSITS AND INVESTMENTS (Continued)

a. Village (Continued)

Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the Village's deposits may not be returned to it. The Village's investment policy requires all deposits with financial institutions in excess of federal depository insurance be collateralized at 102% of the uninsured bank balance, with collateral held in the Village's name by an independent third party.

Investments

The following table presents the investments and maturities of the Village's debt securities as of December 31, 2021:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less than 1	1 - 5	6 - 10	More than 10
State and local obligations (SSA Bonds & Village Bonds)	\$ 1,833,000	\$ 780,000	\$ 1,103,000	\$ -	\$ -
TOTAL	\$ 1,833,000	\$ 780,000	\$ 1,103,000	\$ -	\$ -

In accordance with its investment policy, the Village limits its exposure to interest rate risk by structuring the portfolio to meet daily cash flow requirements for ongoing operations in order to maximize yield on longer term investments by avoiding having to sell securities on the open market before maturity and by investing operating funds in shorter term securities, money market mutual funds or external investment pools. The Village's investment policy requires that securities purchased will not have a maturity of more than seven years unless matched to a specific cash flow.

The state and local obligation securities are not rated.

The Village does not have a formal policy regarding credit risk. However, the Village limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in certificates of deposit.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Village will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the Village's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held in the Village's name by a third party custodian approved by the Chief Financial Officer and evidenced by safekeeping receipts.

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

2. DEPOSITS AND INVESTMENTS (Continued)

a. Village (Continued)

Investments (Continued)

Concentration of credit risk is the risk that the Village has too high a percentage of their investments invested in one type of investment. The Village's investment policy requires diversification of investment to avoid unreasonable risk. The Village's investment policy states the Village's portfolio shall be diversified in order to limit the investment holdings of a specific issuer or business sector to avoid over concentration in any one institution or area excluding investments in U.S. Treasury securities and authorized investment pools.

3. RECEIVABLES

Property Taxes

Property taxes are levied in Lake County by the last Tuesday in December, on the assessed valuation as of January 1. The tax levy becomes an enforceable lien against the property on January 1 of the year following the tax levy year. These taxes are collected by the County Collector and are submitted to the County Treasurer, who remits to the Village units their respective shares of the collections. Taxes levied in one year become due and payable in two installments during the following year. The Lake County installments are due June 1 and September 1.

The 2021 property tax levy is recorded as a receivable, net of estimated uncollectibles. Based upon collection histories, the Village has provided at December 31, 2021, an allowance of 1% of the levy for uncollectible real property taxes. All uncollected taxes relating to prior years' levies have been written off. For governmental funds, only property taxes which are intended to finance the current fiscal year and collected within 60 days subsequent to year end, if any, are recorded as revenue. The 2021 taxes are intended to finance the 2022 fiscal year and are not considered available for current operations and, therefore, are shown as unavailable/deferred revenue.

4. CAPITAL ASSETS

Capital asset activity for the Village for the year ended December 31, 2021 was as follows:

	January 1	Increases	Decreases	December 31
GOVERNMENTAL ACTIVITIES				
Capital assets not being depreciated				
Land	\$ 6,557,081	\$ -	-	\$ 6,557,081

5. LONG-TERM DEBT

a. Special Service Area Bonds

As of December 31, 2021, the following Special Service Area (SSA) bonds were outstanding: SSA #1 Refunding Bonds, Series 2013A (which refunded the SSA #1 - 2003A Bonds and SSA #1 - 2004A Bonds), SSA #2 Refunding Bonds, Series 2013B (which refunded the SSA #2 - 2003B Bonds and SSA #2 - 2004B Bonds), SSA #3 Refunding Bonds, Series 2013C (which refunded the SSA #3 - 2003C Bonds and SSA #3 - 2004C Bonds) and SSA #4 - 2006 Bonds.

The SSA bonds outstanding as of December 31, 2021, totaled \$1,980,825. These bonds are not an obligation of the Village and are secured by the levy of real estate taxes on certain property within the special service areas. The Village is in no way liable for repayment but is only acting as agent for the property owners in levying and collecting the assessments and forwarding the collections to bondholders.

b. Changes in Long-Term Liabilities - Governmental Activities

During the fiscal year, the following changes occurred in governmental activities long-term liabilities:

	Fund Debt Retired By	Balance January 1	Additions	Reductions	Balance December 31	Current Portion
GOVERNMENTAL ACTIVITIES						
Debt certificates (direct placement)	Debt Service	\$ 1,535,000	\$ -	\$ 755,000	\$ 780,000	\$ 780,000

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

5. LONG-TERM DEBT (Continued)

f. Revenue Bonds

The Village issued \$2,805,000 Revenue Bonds (Aquatic Center Project), Series 2007, dated June 15, 2007, for the purpose of financing the construction of an aquatic center and related improvements, payable in annual installments of \$110,000 to \$645,000 each December 30, beginning December 30, 2009, through December 30, 2017, with interest payable semiannually on June 30 and December 30 at 4.75%. The revenue bonds are payable from park donations pledged to the payment of the bonds and a pledge of revenues derived from the operation of the Aquatic Center to be financed.

On March 16, 2011, the Village issued \$3,000,000 Revenue Refunding Bonds (Aquatic Center Project), Series 2011 to refund \$2,570,000 of the Revenue Bonds (Aquatic Center Project), Series 2007. Through the refunding, the Village extended the maturity of the bonds from 2017 to 2028. The debt service was increased by \$1,240,086. Of the proceeds, \$2,595,771 was used to currently refund the Revenue Bonds (Aquatic Center Project), Series 2007. On March 16, 2011, the principal of the Revenue Bonds (Aquatic Center Project), Series 2007 was paid off.

On December 8, 2021, the Village issued \$1,103,000 Revenue Refunding Bonds (Aquatic Center Project), Series 2021 to refund \$1,360,000 of the Revenue Bonds (Aquatic Center Project), Series 2011. Through the refunding the Village reduced the maturity of the bonds from 2028 to 2026. The debt service was decreased by \$257,000 by utilizing the remaining balance of the Reserve Subfund that is no longer required as part of the Village ordinance. The entire amount of proceeds were used to currently refund the Revenue Bonds (Aquatic Center Project), Series 2011. On December 30, 2021, the remaining principal of the Revenue Bonds (Aquatic Center Project), Series 2011 was paid off. As a result of the refunding, the Village achieved cash flow savings of \$230,210 and an economic gain on the refunding of \$229,245.

The ordinance authorizing the issuance of \$3,000,000 Revenue Refunding Bonds (Aquatic Center Project), Series 2011 provided for the continuation of separate subfunds of the Aquatics Fund. The Park Donation Fund is required for all park donation fees received by the Village. This fund had a balance of \$14,459 at December 31, 2021. A Depreciation Subfund is required as corporate authorities deem necessary in order to provide an adequate depreciation fund for the Aquatic Center. This subfund had a balance of \$92,912 at December 31, 2021. A Bond and Interest Subfund is required to fund principal and interest payments. Each month a fractional amount of the principal and interest coming due on the next payment date is to be deposited to this subfund. At December 31, 2021, this subfund had a balance of \$3,998.

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

5. LONG-TERM DEBT (Continued)

f. Revenue Bonds (Continued)

Debt service to maturity on these bonds is as follows:

Year Ending December 31,	Revenue Bonds		
	Principal	Interest	Total
2022	\$ 242,000	\$ 9,927	\$ 251,927
2023	246,000	7,749	253,749
2024	249,000	5,535	254,535
2025	251,000	3,294	254,294
2026	115,000	1,035	116,035
TOTAL	\$ 1,103,000	\$ 27,540	\$ 1,130,540

Pledged Revenue

The Village has pledged future aquatic center revenue, park donation fees and utility taxes (pledged revenues) to repay the General Obligation (Alternate Revenue Source) Refunding Bonds, Series 2021. The bonds are payable from the pledged revenues and are payable through 2026. The total principal and interest remaining to be paid on the bonds is \$1,130,540. Total net revenues were \$773,212. There were no required principal and interest payments during the fiscal year.

6. INDIVIDUAL FUND DISCLOSURES

a. Due From/To Other Funds

Due from/to other funds at December 31, 2021 consist of the following:

	Due From	Due To
General	\$ 834,239	\$ -
Community Development	-	105,500
Parks and Recreation	-	386,565
Capital Improvements	-	2,424
Aquatics Center	-	313,375
Sewer	-	26,375
TOTAL	\$ 834,239	\$ 834,239

The balances reflected in most significant due from/to other funds above are generally related to routine payroll and vendor payments involving charges to multiple village funds, and for eliminating cash deficits. All will be repaid within one year.

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

6. INDIVIDUAL FUND DISCLOSURES (Continued)

b. Interfund Transfers

Interfund transfers during the year ended December 31, 2021, consisted of the following:

	<u>Transfer In</u>	<u>Transfer Out</u>
General	\$ 90,000	\$ 303,170
Parks and Recreation	-	90,000
Park Donation	-	77,770
Capital Improvements	125,000	-
Aquatics Center	255,940	-
TOTAL	<u><u>\$ 470,940</u></u>	<u><u>\$ 470,940</u></u>

Significant transfers between funds for the year ended December 31, 2021 consist of the following:

- \$90,000 transferred from the Parks and Recreation Fund to the General Fund as approved in the Village's 2021 budget.
- \$178,170 transferred from the General Fund and \$77,770 from the Parks Donation Fund transferred to the Aquatics Center Fund to transfer park donation revenues in accordance with revenue bond covenants.
- \$125,000 transferred from the General Fund transferred to the Capital Improvements Fund for capital purposes

None of the transfers will be repaid.

c. Advances

Advance due from/to other funds at December 31, 2021 consist of the following:

	<u>Advance From</u>	<u>Advance To</u>
General	\$ -	\$ 79,441
Sewer	-	13,330
Aquatics Center	92,771	-
TOTAL	<u><u>\$ 92,771</u></u>	<u><u>\$ 92,771</u></u>

The balances reflected above are related to a five-year financial plan the for the Aquatic Center. Repayment options will be determined at the end of the five-year plan.

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

d. Deficit Fund Balances

The following funds reported deficit fund balances at December 31, 2021:

Fund	Total
Parks and Recreation	\$ 364,687

7. RISK MANAGEMENT

The Village is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the Village's employees. The Village pays for health insurance for employees and general liability insurance through third party indemnity insurance. The Village participates in the Illinois Public Risk Fund for its workers' compensation insurance coverage.

The Village currently reports its risk management expenditures/expenses in the General Fund. There were no significant changes in insurance coverage from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

The Illinois Public Risk Fund (the Fund) is a self-funded workers' compensation pool for public entities. The purpose of the Fund is to provide for the defense and payment when due of all compensation and other benefits under the Illinois Workers' Compensation and Occupational Diseases Laws on behalf of fire protection districts, public entities and agencies and other units of state and local government within the State of Illinois. There are approximately 500 members. A Board of Trustees oversees the operation of the Fund and governs it in accordance with State of Illinois regulations. Members' cost is proportional, based on contributions developed by payroll audits. Rates and any discounts approved by the Board of Trustees are used to determine standard premiums for each member. Each member's experience modifications are used. Members also participate in policyholder dividends based on the Fund's and individual member's experience. Members can also be assessed if the assets of the Fund are less than the reserves required to be maintained. The Village is not aware of any additional amounts due to the Fund at December 31, 2021.

8. CONTINGENT LIABILITIES

Litigation

The Village is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Village's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the Village

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

8. CONTINGENT LIABILITIES (Continued)

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Village expects such amounts, if any, to be immaterial.

9. DEFINED BENEFIT PENSION PLANS

The Village contributes to two defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer public employee retirement system and the Police Pension Plan which is a single-employer pension plan. The benefits, benefit levels, employee contributions and employer contributions for all the plans are governed by ILCS and can only be amended by the Illinois General Assembly. The Police Pension Plan does not issue a separate report on the pension plan. IMRF, however, issues a publicly available report that includes financial statements and supplementary information for the plan as a whole, but not for individual employers. That report can be obtained from their website at www.imrf.org.

The table below is a summary for all pension plans as of and for the year ended December 31, 2021:

	IMRF	Police Pension	Total
Net pension liability	\$ 922,766	\$ 1,653,652	\$ 2,576,418
Deferred outflows of resources	439,414	566,065	1,005,479
Deferred inflows of resources	420,099	1,555,421	1,975,520
Pension expense	167,926	152,304	320,230

a. Plan Descriptions

Illinois Municipal Retirement Fund

Plan Administration

All employees (other than those covered by the Police Pension Plan) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members.

The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

9. DEFINED BENEFIT PENSION PLANS (Continued)

a. Plan Descriptions (Continued)

Illinois Municipal Retirement Fund (Continued)

Plan Membership

At December 31, 2020 (most recent available), IMRF membership consisted of:

Inactive employees or their beneficiaries currently receiving benefits	12
Inactive employees entitled to but not yet receiving benefits	21
Active employees	<u>24</u>
 TOTAL	 <u><u>57</u></u>

Benefits Provided

All employees (other than those covered by the Police Pension Plan) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. IMRF provides two tiers of pension benefits. Employees hired prior to January 1, 2011, are eligible for Tier 1 benefits. For Tier 1 employees, pension benefits vest after eight years of service.

Participating members who retire at age 55 (reduced benefits) or after age 60 (full benefits) with eight years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating members who retire at age 62 (reduced benefits) or after age 67 (full benefits) with ten years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter. IMRF also provides death and disability benefits. These benefit provisions are established by state statute.

Contributions

Participating members are required to contribute 4.50% of their annual salary to IMRF. The Village is required to contribute the remaining amounts necessary to fund IMRF as specified by statute. The employer contribution for the year ended December 31, 2021 was 12.55% of covered payroll.

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

9. DEFINED BENEFIT PENSION PLANS (Continued)

a. Plan Descriptions (Continued)

Illinois Municipal Retirement Fund (Continued)

Actuarial Assumptions

The Village's net pension liability was measured as of December 31, 2020 (most recent available) and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of the same date using the following actuarial methods and assumptions.

Actuarial valuation date	December 31, 2020
Actuarial cost method	Entry-age normal
Asset valuation method	Fair value of assets
Assumptions	
Price inflation	2.50%
Salary increases	2.85% to 13.75%
Investment rate of return	7.25%
Cost of living adjustments	2.75%

For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

Discount Rate

The discount rate used to measure the total pension liability at December 31, 2020 was 7.25%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the Village contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the IMRF's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended December 31, 2021, the Village recognized pension expense of \$167,926.

At December 31, 2021, the Village reported deferred outflows of resources and deferred inflows of resources related to IMRF from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 126,480	\$ 96,027
Assumption changes	48,186	38,219
Net difference between projected and actual earnings on pension plan investments	-	285,853
Employer contributions after measurement date	264,748	-
TOTAL	\$ 439,414	\$ 420,099

\$264,748 reported as deferred outflows of resources related to pensions resulting from the Village contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ending December 31,</u>	
2022	\$ (26,706)
2023	(21,135)
2024	(147,903)
2025	(49,689)
2026	-

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability to changes in the discount rate. The table below presents the pension liability of the Village calculated using the discount rate of 7.25% as well as what the Village's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.25%) or 1 percentage point higher (8.25%) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Net pension liability	\$ 1,756,146	\$ 922,766	\$ 258,194

Police Pension Plan

Plan Administration

Police sworn personnel are covered by the Police Pension Plan. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/3-1) and may be amended only by the Illinois legislature. The Village accounts for the Police Pension Plan as a pension trust fund.

The plan is governed by a five-member Board of Trustees. Two members of the Board of Trustees are appointed by the Village's Mayor, one member is elected by pension beneficiaries and two members are elected by active police employees.

The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

9. DEFINED BENEFIT PENSION PLANS (Continued)

a. Plan Descriptions (Continued)

Police Pension Plan (Continued)

Plan Membership

At December 31, 2021, the measurement date, the Police Pension Plan membership consisted of:

Inactive plan members or beneficiaries currently receiving benefits	3
Inactive plan members entitled to but not yet receiving benefits	-
Active plan members	12
 TOTAL	 15

Benefits Provided

The Police Pension Plan provides retirement benefits through two tiers of benefits as well as death and disability benefits. Tier 1 employees (those hired prior to January 1, 2011) attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit equal to one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter.

Tier 2 employees (those hired on or after January 1, 2011) attaining the age of 55 or older with ten or more years of creditable service are entitled to receive an annual retirement benefit equal to the average monthly salary obtained by dividing the total salary of the police officer during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Police officers' salary for pension purposes is capped at \$106,800, plus the lesser of ½ of the annual change in the Consumer Price Index or 3% compounded. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least ten years may retire at or after age 50 and receive a reduced benefit (i.e., ½% for each month under 55). The monthly benefit of a Tier 2 police officer shall be increased annually at age 60 on the January 1st after the police officer retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3% or ½ of the change in the Consumer Price Index for the preceding calendar year.

VILLAGE OF HAWTHORN WOODS, ILLINOIS

9. DEFINED BENEFIT PENSION PLANS (Continued)

a. Plan Descriptions (Continued)

Police Pension Plan (Continued)

Contributions

Employees are required by ILCS to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan and the administrative costs as actuarially determined by an enrolled actuary. Effective January 1, 2011, the Village has until the year 2040 to fund 90% of the past service cost for the Police Pension Plan. However, the Village is funding 100% of the past service costs by 2040. For the year ended December 31, 2021, the Village's contribution was 28.57% of covered payroll.

Investment Policy

In accordance with the Police Pension Fund's (the Fund) investment policy, the Fund may invest in all investments allowed by ILCS. These include deposits/investments in insured commercial banks, savings and loan institutions, interest-bearing obligations of the U.S. Treasury and U.S. agencies, interest-bearing bonds of the State of Illinois or any county, township or municipal corporation of the State of Illinois, direct obligations of the State of Illinois, money market mutual funds whose investments consist of obligations of the U.S. Treasury or U.S. agencies, separate accounts managed by life insurance companies, mutual funds, common and preferred stock and The Illinois Funds (created by the Illinois State Legislature under the control of the State Comptroller that maintains a \$1 per share value which is equal to the participants fair value).

It is the policy of the Fund to invest its funds in a manner which will provide a competitive investment return with the maximum security while meeting the daily cash flow demands of the Fund and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objectives of the policy are; safety of principal, liquidity, return on investment, legality and meeting all funding requirements. During the year, there were no changes to the investment policy.

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

9. DEFINED BENEFIT PENSION PLANS (Continued)

a. Plan Descriptions (Continued)

Police Pension Plan (Continued)

Investment Policy (Continued)

The Fund's investment policy in accordance with ILCS establishes the following target allocation across asset classes:

Asset Class	Long-Term Expected Real Rate of Return
Fixed income	1.10%
Large cap domestic equities	5.90%
Small cap domestic equities	7.70%
International equities	6.80%

ILCS limits the Fund's investments in equities to 45%. Securities in any one company should not exceed 5% of the total fund.

The long-term expected real rates of return are net of inflation and investment expense. Long-term returns for the asset classes are calculated on a geometric mean basis.

Investment Concentrations

There are no significant investments (other than United States Government guaranteed obligations) in any one organization that represent 5% or more of the Fund's investments.

Investment Rate of Return

For the year ended December 31, 2021, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 7.90%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

NOTES TO FINANCIAL STATEMENTS (Continued)

9. DEFINED BENEFIT PENSION PLANS (Continued)

a. Plan Descriptions (Continued)

Police Pension Plan (Continued)

Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the Fund's deposits may not be returned to it. The Fund's investment policy does not address custodial credit risk for deposits. At December 31, 2021, all of the Fund's bank balances were covered by FDIC insurance.

Interest Rate Risk

The following table presents the investments and maturities of the Fund's debt securities as of December 31, 2021:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less than 1	1-5	6-10	Greater than 10
U.S. Treasury obligations	\$ 384,101	\$ 70,880	\$ 288,584	\$ 24,637	\$ -
U.S. agency obligations	1,910,771	90,748	883,278	936,745	-
State and local obligations	526,362	30,028	351,098	145,236	-
Corporate bonds	553,627	-	279,027	274,600	-
Negotiable CDs	251,512	-	98,772	152,740	-
TOTAL	\$ 3,626,373	\$ 191,656	\$ 1,900,759	\$ 1,533,958	\$ -

Interest Rate Risk (Continued)

The Fund has the following recurring fair value measurements as of December 31, 2021: the U.S. Treasury obligations and mutual funds are valued using quoted prices in active markets for identical assets (Level 1 inputs). The U.S. agency obligations, the corporate bonds, negotiable certificates of deposit and the state and local obligations are valued using quoted matrix pricing models (Level 2 inputs).

The Fund limits its exposure to interest rate risk by structuring the portfolio to maximize the security of investments and the rate of return. This is accomplished by diversifying the types and maturity ranges of securities. The investment policy is silent related to interest rate risk.

9. DEFINED BENEFIT PENSION PLANS (Continued)

a. Plan Descriptions (Continued)

Police Pension Plan (Continued)

Credit Risk

The Fund limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in obligations guaranteed by the United States Government, securities issued by agencies of the United States Government that are explicitly or implicitly guaranteed by the United States Government and corporate bonds rated as investment grade by one of the two largest rating services at the time of purchase. The U.S. agency obligations are rated AA+ by Standard & Poor's. The state and local obligations are rated from not rated to AAA by Standard & Poor's. The corporate bonds are rated BBB+ to AAA by Standard & Poor's. The negotiable CDs are not rated.

Custodial Credit Risk

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Fund will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the Fund requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by a third party acting as the Fund's agent separate from where the investment was purchased in the Fund's name.

Discount Rate

The discount rate used to measure the total pension liability was 6.50%. The Fund's funding policy is to have the Fund reach a funded ratio of 100% by December 31, 2040. Therefore, the Police Pension Plan's projected fiduciary net position can be expected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on the Police Pension Plan's investments was applied to all periods of projected benefits payments to determine the total pension liability.

Actuarial Assumptions

The total pension liability above was determined by an actuarial valuation performed as of December 31, 2021, using the following actuarial methods and assumptions.

Actuarial valuation date	December 31, 2021
Actuarial cost method	Entry-age normal
Assumptions	
Inflation	2.25%
Salary increases	3.75% to 13.75%
Interest rate	6.50%
Postretirement benefit increases	3.00%
Asset valuation method	Fair value of assets

Mortality rates were based the Pub-2010 Adjusted for Plan Status, Demographics, and Illinois Public Pension Data.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended December 31, 2021, the Village recognized police pension expense of \$152,304. At December 31, 2021, the Village reported deferred outflows of resources and deferred inflows of resources related to the police pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 333,453	\$ 1,180,009
Changes in assumptions	232,612	34,170
Net difference between projected and actual earnings on pension plan investments	-	341,242

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability to changes in the discount rate. The table below presents the pension liability of the Village calculated using the discount rate of 6.50% as well as what the Village's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.50%) or 1 percentage point higher (7.50%) than the current rate:

	1% Decrease (5.50%)	Current Discount Rate (6.50%)	1% Increase (7.50%)
Net pension liability	\$ 3,104,289	\$ 1,653,652	\$ 484,583

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

10. OTHER POSTEMPLOYMENT BENEFITS

a. Plan Description

In addition to providing the pension benefits described, the Village provides postemployment health care benefits (OPEB) for retired employees through a single-employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the Village and can be amended by the Village through its personnel manual, except for the implicit subsidy which is governed by the State Legislature and ILCS. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is reported in the Village's governmental activities and business-type activities and enterprise funds.

b. Benefits Provided

The Village provides continued health insurance coverage at the active employer rate to all eligible employees in accordance with ILCS, which creates an implicit subsidy of retiree health insurance. To be eligible for benefits, an employee must qualify for retirement under the Village's retirement plan. Upon a retiree reaching the age of 65, Medicare becomes the primary insurer and the retiree is no longer eligible to participate in the plan, but can purchase a Medicare supplement plan from the Village's insurance provider. For certain disabled employees who qualify for health insurance benefits under the Public Safety Employee Benefits Act (PSEBA), the Village is required to pay 100% of the cost of basic health insurance for the employee and their dependents for their lifetime. All retirees contribute 100% of the actuarially determined premium to the plan to cover the cost of providing the benefits to the current members via the insured plan (pay-as-you-go) which results in an implicit subsidy to the Village.

c. Membership

At December 31, 2020 (most recent data available), membership consisted of:

Inactive employees or beneficiaries currently receiving benefit payments	-
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	<u>36</u>
TOTAL	<u>36</u>

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

10. OTHER POSTEMPLOYMENT BENEFITS (Continued)

d. Total OPEB Liability

The Village's total OPEB liability of \$533,630 was measured as of December 31, 2021, and was determined by an actuarial valuation as of January 1, 2021.

e. Actuarial Assumptions and Other Inputs

The total OPEB liability at December 31, 2021, as determined by an actuarial valuation as of January 1, 2021, was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified. The total OPEB liability was rolled forward by the actuary using updated procedures to December 31, 2021, including updating the discount rate at December 31, 2021, as noted in the table on the next page.

Actuarial cost method	Entry-age normal
Actuarial value of assets	Not applicable
Salary increases	2.75%
Discount rate	2.06%
Healthcare cost trend rates	6.60% to 7.70% Initial 5.00% Ultimate

The discount rate was based on The Bond Buyer 20-Bond G.O. Index, which is based on an average of certain general obligation municipal bonds maturing in 20 years and having an average rating equivalent of Moody's Aa2 and Standard & Poor's AA.

IMRF Mortality follows the PubG-2010(B) Improved Generationally using MP-2020 Improvement Rates, weighted per IMRF Experience Study dated December 14, 2020

Police Mortality follows the Sex Distinct Raw Rates as developed in the PubS-2010(A) Study improved to 2017 using MP-2019 Improvement Rates. These rates are then improved generationally using MP-2019 Improvement Rates.

Spousal Mortality follows the Sex Distinct Raw Rates as developed in the PubS-2010(A) Study for contingent survivors.

The actuarial assumptions used in the January 1, 2021 valuation assume 30% IMRF and police coverage election, with 50% electing spousal coverage.

f. Changes in the Total OPEB Liability

	<u>Total OPEB Liability</u>
BALANCES AT JANUARY 1, 2021	\$ 529,240
Changes for the period	
Service cost	19,042
Interest	11,184
Differences between expected and actual experiences	-
Assumption changes	(22,450)
Benefit payments	<u>(3,386)</u>
Net changes	<u>4,390</u>
BALANCES AT DECEMBER 31, 2021	<u>\$ 533,630</u>

Changes in assumptions related to the discount rate, mortality, mortality improvement, retirement, termination and disability rates were made since the prior measurement date.

g. Rate Sensitivity

The following is a sensitivity analysis of the total OPEB liability to changes in the discount rate and the healthcare cost trend rate. The table below presents the total OPEB liability of the Village calculated using the discount rate of 2.06% as well as what the Village total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.06%) or 1 percentage point higher (3.06%) than the current rate:

	1% Decrease (1.06%)	Current Discount Rate (2.06%)	1% Increase (3.06%)
Total OPEB liability	\$ 604,243	\$ 533,630	\$ 474,996

VILLAGE OF HAWTHORN WOODS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

10. OTHER POSTEMPLOYMENT BENEFITS (Continued)

g. Rate Sensitivity (Continued)

The table below presents the total OPEB liability of the Village calculated using the healthcare rate of 5.00% to 7.70% as well as what the Village's total OPEB liability would be if it were calculated using a healthcare rate that is 1 percentage point lower (4.00% to 6.70%) or 1 percentage point higher (6.00% to 8.70%) than the current rate:

	1% Decrease (4.00% to 6.70%)	Current Healthcare Rate (5.00% to 7.70%)	1% Increase (6.00% to 8.70%)
Total OPEB liability	\$ 465,230	\$ 533,630	\$ 616,198

h. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2021, the Village recognized OPEB expense of \$7,776. Under GASB Statement No. 75, changes to the OPEB liability are not permitted to be included in deferred outflows of resources or deferred inflows of resources related to OPEB. These changes will be immediately recognized through OPEB expense.

11. TAX ABATEMENTS

The Village rebates property taxes to recruit, retain, or improve local business facilities or their supporting public infrastructure under certain circumstances. The terms of these rebate arrangements are specified within written agreements with the businesses concerned.

For the fiscal year ended December 31, 2021, the Village rebated 100% of the Village portion of the property tax levy to all homeowners who owned and resided in the Hawthorn Trails (formerly Kildeer Estates) subdivision as of May 1, 2010. This rebate is available only to these original homeowners as long as they reside in their home, according to the terms of the annexation agreement.

The agreement was entered into pursuant to the Village's authority under the Illinois Municipal Code, 65 ILCS 5/1-1. The abatement for the year ended December 31, 2021, amounted to \$8,123. There are no recapture provisions as eligibility for property tax abatement is established before disbursement.

Notes to Required Supplementary Information

The information presented was determined as part of the actuarial valuation as of January 1 of the prior fiscal year. Additional information as of the latest actuarial valuation presented is as follows: the actuarial cost method was entry-age normal; the amortization method was level percent of pay, closed and the amortization period was 23 years; the asset valuation method was five-year smoothed market; and the significant actuarial assumptions were an investment rate of return at 7.25% annually, projected salary increases assumption of 3.35% to 14.25% compounded annually and postretirement benefit increases of 3.00% compounded annually.

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

(See independent auditor's report.)

Last Ten Fiscal Years

FISCAL YEAR ENDED DECEMBER 31,	2012	2013	2014	2015	2016	2017	2018	2019	2020	2021
Actuarially determined contribution	\$ 219,588	\$ 217,155	\$ 234,261	\$ 280,551	\$ 280,223	\$ 308,036	\$ 339,582	\$ 335,081	\$ 349,206	\$ 411,152
Contributions in relation to the actuarially determined contributions	219,588	217,155	234,261	280,551	280,223	308,036	339,582	335,081	349,206	411,152
CONTRIBUTION DEFICIENCY (Excess)	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -				
Covered payroll	\$ 683,219	\$ 692,151	\$ 791,889	\$ 979,799	\$ 1,043,104	\$ 1,072,395	\$ 1,110,705	\$ 1,183,495	\$ 1,317,437	\$ 1,438,959
Contributions as a percentage of covered payroll	32.14%	31.37%	29.58%	28.63%	26.86%	28.72%	30.57%	28.31%	26.51%	28.57%

Notes to Required Supplementary Information

The information presented was determined as part of the actuarial valuations as of the beginning of the prior fiscal year. Additional information as of the latest actuarial valuation is as follows: the actuarial cost method was entry-age normal; the amortization method was level percentage of pay; the amortization period was 21 years; the asset valuation method was five-year smoothing of asset gains and losses and the significant actuarial assumptions were an investment rate of return of 6.50% annually; inflation at 2.25% annually; and projected salary increases of 3.75% to 13.75% annually.

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

Notes to Required Supplementary Information

Measurement Date December 31, 2020 - There was a change in assumption related to the price inflation, salary increases, retirement age and mortality since the prior measurement date.

Measurement Date December 31, 2018 - There was a change in assumption related to the discount rate since the prior measurement date.

Measurement Date December 31, 2017 - There was a change in assumption related to the salary rates, inflation rates and mortality since the prior measurement date.

Measurement Date December 31, 2016 - There was a change in assumption related to the discount rate made since the prior measurement date. The discount rate used in the current actuarial valuation, dated December 31, 2016, is 7.50%. The discount rate used in the prior actuarial valuation, dated December 31, 2015, was 7.45%. Additionally, there was a change in assumptions from the prior year to reflect revised expectations with respect to mortality rates.

Measurement Date December 31, 2015 - There was a change in assumption related to the discount rate made since the prior measurement date. The discount rate used in the current actuarial valuation, dated December 31, 2015, is 7.45%. The discount rate used in the prior actuarial valuation, dated December 31, 2014, was 7.47%.

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

Notes to Required Supplementary Information

Year Ended December 31, 2019 - There was a change with respect to actuarial assumptions from the prior year to reflect revised expectations with respect to the assumed rate on High Quality 20-Year Tax-Exempt General Obligation (G.O.) Bonds. The rate was changed from 4.10% to 2.74% and the underlying index used is The Bond Buyer 20-Bond G.O. Index.

Year Ended December 31, 2016 - There was a change with respect to actuarial assumptions from the prior year to reflect revised expectations with respect to mortality rates, retirement rates, disability rates and termination rates. The following assumptions also changed since the prior year: (1) the discount rate used for the total pension liability was changed from 6.75% to 6.50%; (2) the long-term expected rate of return on plan assets was changed from 6.75% to 6.50%; (3) the High Quality 20-Year Tax Exempt G.O. Bond rate was changed from 3.57% to 3.78%; (4) the projected rate of individual salary increases changed from 4.50% to 14.00% to 4.00% to 14.00%; (5) the projected increase in total payroll was changed from 4.50% to 3.25%; (6) the change in the Consumer Price Index (Urban) was changed from 3.00% to 2.50%; and (7) the rate of inflation was changed from 3.00% to 2.50%.

Year Ended December 31, 2015 - There was a change with respect to actuarial assumptions from the prior year to reflect revised expectations with respect to mortality rates, retirement rates, disability rates and termination rates.

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

2021: Changes in assumptions related to the discount rate, mortality, mortality improvement, retirement, termination and disability rates were made since the prior measurement date.

2020: Changes in assumptions related to the discount rate, medical cost assumptions and safety rates were made since the prior measurement date.

2018 and 2019: Changes in assumptions related to the discount rate were made since the previous measurement date.

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

(See independent auditor's report.)

VILLAGE OF HAWTHORN WOODS, ILLINOIS

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

December 31, 2021

1. BUDGETS AND BUDGETARY ACCOUNTING

Budgets are adopted on a basis consistent with GAAP. An annual budget was adopted for all funds except the Debt Service Fund and Police Pension Fund. All annual appropriations lapse at fiscal year end. Budget amendments were made in the current fiscal year.

The Village follows these procedures in establishing the budgetary data reflected in the financial statements:

- a. During the fourth quarter of the prior fiscal year, the Chief Financial Officer drafts an annual budget ordinance for the subsequent year to be adopted by the Board of Trustees. This ordinance appropriates such sums of money as are deemed necessary to defray all necessary expenses and liabilities of the Village. The ordinance also specifies the objects and purposes for which these appropriations are made and the amount appropriated for each.
- b. Prior to the adoption of the budget ordinance, the Village makes the proposed ordinance conveniently available to public inspection and holds at least one public hearing subsequent to published notice.
- c. Subsequent to the public hearing and before final action is taken on the budget ordinance, the Board of Trustees may revise, alter, increase or decrease the items contained therein.
- d. Final action to adopt the appropriation for the year ended December 31 is typically taken by the Board of Trustees before year end.
- e. The Board of Trustees may subsequently transfer appropriated amounts to other appropriations but not increase the overall appropriation of an individual fund without the passage of a supplemental appropriation.
- f. The legal level of budgetary control is at the fund level.
- g. Budgetary authority lapses at year end.

2. COMPLIANCE

The following fund had expenditures in excess of budget in the current year:

Fund	Actual Expenditures	Final Budget	Excess
Park Donations Fund	\$ 700	\$ -	\$ 700
